MEMORANDUM FOR THE WORKING GROUP (STALIN)

SUBJECT: Follow-up on April 16th Speech

In previous meetings we have repeatedly mentioned the possibility that major world developments might call for a new Presidential speech carrying forward the April 16th ideas but shaping them into some new appeal which would constitute another important phase in the U.S. conduct of the world struggle. The H-Bomb news makes it timely to put this question to ourselves again.

If you favor positive action along this or related lines, please let me have your suggestions to circulate to the other members of WGS.

Acting Director.
